Note Legend

- 1 Requires modification to the OEM steering knuckle
- 2 Requires modification to the OEM steering knuckle and use of included custom hubs
- 3 1995 E36 M3 models require minor modification to the lower control arm outboard of the ball joint
- 4 This system consists of 2-piece disc assemblies which directly replace the OEM discs
- 5 Requires significant modification to the OEM knuckle
- 6 Not for road use. This system eliminates the parking/emergency brake function if not used in conjunction with parking brake kit
- 7 Not for road use. This system eliminates the parking/emergency brake function
- 8 This system is to be used ONLY with OEM rear brakes, not to be used with the rear upgrade kit
- 9 Special order only
- 10 This system does not include brake lines, the OEM brake lines are retained
- 11 This system can be fitted to CCM-equipped models, however the original hand-brake calipers cannot be used. The hand-brake calipers from an iron brake model must be obtained and used instead.
- 12 This system includes oversized 2-piece disc assemblies, brackets, and hardware to be used with the original calipers.
- 13 For use only with 405mm M6 front brake system
- 14 For applications for PCCB equipped models, please contact your distributor
- 15 Caliper upgrade only. This system includes calipers, brackets, brake lines and hardware to be used in conjunction with the original discs.
- 16 This system consists of 2-piece disc assemblies which directly replace the OEM discs. Slot pattern differs from standard GT 8-slot pattern.
- 17 This system consists of 2-piece disc assemblies and special brake pads which directly replace the OEM discs and pads. Slot pattern differs from standard GT 8-slot pattern.
- 18 This system is to be used ONLY with the 1J1/2.9005A front kit, it is not compatible with any others.
- 19 The cross-section and A, B, C dimensions reflect the dimensions of the 4-piston caliper and not the hand-brake caliper. The maximum radial dimension occurs at the relocated hand-brake caliper, so this must be factored in when choosing a wheel to fit the complete system.

General Notes

- Many of the GT systems require modification to, or removal of the OEM dust shield or backing plate.
- Add 1,2,3,4 to end of part number for caliper color: 1=black, 2=red, 3=silver, 4=gold (where applicable), 5=yellow (where applicable)
- Add R to end of part number for GT-R caliper (higher price applies). Applicable to M4 and M6 kits, i.e. with M, N, or P second digit.
- Please note that the caliper clearance required for the GT-R M6 caliper differs from that required for the GT M6. Contact your dealer or distributor for the details.

Prices are subject to change without notice.
